Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If the period for reply specified above is less than thirty (30) days, a reply within the statutory minimum of thirty (30) days will be considered timely.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1, 3-7 and 21-27 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 1, lines 10-11, it is not clear what is being defined structurally as “a double guide hinge” and how “one of four hinge joints” is related to the hinge. Further, it is unclear what “a hinge guide” is referring to and how it is structurally related to the hinge as claimed.

In claim 21, line 1, it cannot be understood how “a pair of guides” is related to “a hinge guide” of claim 1. Is the “guide” referring to additional elements or referring to the same in claim 1?

Line 2, “pivotal hinge section” should be “said pivotal hinge section”;

Line 6, “a second joint” is confusing without defining a “first joint”.

Claim 22 depends from claim 22 itself. For examination purpose the claim will be treated as depending from claim 21.

In claim 22, lines 4-5, it is not clear what “said outer end thereof” is referred to.

The “first guide” has not been defined as having an outer end.

In claim 24, lines 3-4, it cannot be understood what "one leg" and "another leg" are referring to and how the legs are related to the leaf spring.

Claims 25 and 4-5 (depending from claim 25) fail to further limit the subject matter of claim 21. The embodiment of claim 25 is inconsistent with the embodiment of claim 21. Note that claim 21 has the damper connected to the inner end.

In claim 26, line 3, "legs" is not understood.

In claim 3, line 3, "legs" is not understood.

3. Claims 1, 3-7, and 21-27 may be given favorable consideration if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Response to Arguments

4. Applicant's arguments filed Mar. 4, 2005 have been fully considered but they are not persuasive. Applicant has not overcome the rejection under 35 USC 112, second paragraph.

Conclusion

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
